

# ARCHETYPE

design Goodmorning Technology, 2010

**LUCE  
PLAN**

Type: Suspension  
Lamps: LED 12W warm white 2700° K\*  
Product use: Indoor  
Materials: Aluminium painted body, polycarbonate silkscreened shade.  
Colors: White, black, light blue, red  
Description: A lamp with a classic silhouette which screws into the lamp holder like a traditional incandescent bulb, even though it features a modern diode technology. The lamp has an external casing in aluminium and an internal diffuser in polycarbonate. Sandwiched between these two profiles are a warm white LED with an Edison E27 screw-in fitting that allows the device to be connected to any standard lamp holder. A familiar gesture that leads to the discovery of an option to standard incandescent lighting.

Insulation class: 

Awards: Red Dot 2012
